

April Sharing

This month we will read and enjoy the rhymes of Mother goose. These rhymes contain all of the basis sight words as well as reinforce rhyming sounds. For sharing time, your child may select his or her favorite Mother Goose rhyme to recite or dramatize using any props he or she desires. This will take a bit of rehearsal and preparation at home and will address the kindergarten skill of memorizing short poems. Throughout the month, children will build language skills as they enjoy the rhythms of the English language!

Sincerely,

Mrs. Weisberg
